Delock Heat shrink tube assortment box, shrinkage ratio 4:1 single wall and dual wall with inside adhesive, transparent 100 pieces

Description

This heat shrink tube set by Delock is used to protect and to insulate cables, electrical tubes or wires. Under the effect of heat, the sleeve completely encloses the cable and shrinks. This protects the cable from the effects of the influence of weather and mechanical damage. The adhesive on the inner wall glues the shrink tube to the shrinked wire or cable.

Item no. 20867

EAN: 4043619208678

Country of origin: China

Package: Box

Choice of different sizes

This set contains hoses with four different diameters that can be used in many different ways.

Practical storage box

The handy box is ideal for protecting the shrink tubes, keeping it free of dirt and dust. The box can also be reused to store various tool accessories, such as screws, nuts, etc.

Multifunctional application

The heat shrink tubes can be used e.g. in a workshop, at home or in the industry.

Application of shrink tubes

The heat shrink tube can be heated with a hot air gun, the hose shrinks to a quarter of its original diameter when heated at a 4:1 shrinkage ratio.
