Delock Cloth Tape 25 m x 25 mm tearable self-adhesive black

Description

This cloth tape by Delock can be used for insulating electrical cables and wrapping cable harnesses, e.g. in the automotive sector.

High flexibility and tearable
The tape is made of flexible fiber material and can be easily torn off by hand, ideally for small and quick repairs. The protective fabric material also offers optimal temperature and corrosion resistance.

Cuttable
The length of the tape can also be optionally shortened individually with scissors.
